### TERMS & CONDITIONS

---

*The image library is maintained by Sea Watch to provide high quality images of whales, Dolphins and porpoises in their natural environment. The use of this image library is subject to the following terms and conditions. The use of the library implies that the contributor is happy to respect and abide by these conditions.*

**These terms and conditions apply when contributing to the library of images:**

1. The contributor agrees that Sea Watch will host the images on the website and will promote the use of the site to possible consumers.
2. Any financial gain from the images is shared (50%/50%) between Sea Watch and the contributor. Sea Watch will notify the contributor within 30 days of the image being used and supply a regular record of images supplied.
3. The contributor agrees to the terms issued to the purchaser of the image.
4. The images may be supplied to educational organisations and for charitable purposes at no charge. This is at the discretion of the Sea Watch Foundation.
5. The contributor has the right to withdraw the image from the library and would notify Sea Watch to remove the image from the website. Sea Watch will comply within 30 days of this request.
6. The copyright of the image is shared between Sea Watch and the contributor whilst the image is hosted on the website. This means Sea Watch has the right to use the images for free within internal publications and on the website. Share copyright for the contributor allows them to use the image as if they own sole copyright.
7. Contributors need to supply their image either as high quality copies of colour transparencies or electronically as high resolution tiff files (image size should be 10 inches wide at 300 dpi, i.e. c. 15 Mb file size) AND, as low resolution jpegs (c. 1 Mb size).
